

Dear Owners and Guests,

We are excited to announce the 2018 lobby renovation at Marriott's Aruba Ocean Club. A fresh new look and feel will await you in the lobby when this exciting project is complete in late 2018.

We are providing you with this information so you can make your travel plans accordingly. The lobby renovation project is expected to start in mid-September and be completed no later than October 30th, 2018.

The scope of work during the lobby renovation includes:

- Removal of current flooring and installation of an all new floor finish
- Upgrade and refinish the front desk
- Upgrade and replacement of all customer service/vendor desks
- Upgrade of all wall and ceiling finishes
- Relocation of all complimentary connectivity work stations
- Replacement of all furniture in port cochere, lobby and courtyard patio

We will make necessary temporary check-in facilities available, and do everything we can to minimize the impact that this project will have on Owners and guests during this period.

We apologize for any inconveniences that this may cause, and appreciate your understanding while we continue to enhance your home away from home for your future enjoyment.

Sincerely yours,

Marriott's Aruba Ocean Club Management Team
